

Sanilac County Child Advocacy Center Quarterly Newsletter

Our Mission:

To increase public awareness about child abuse through community education and prevention programming; and advocate for child victims and their non-offending caregivers.

WHO ARE WE?

For over 32 years the Sanilac County Child Abuse Prevention Council (CAPC) has made it our mission to promote the Safe and Healthy Development of Children and Families through Community Education and Enrichment.

We are a training, education, and resource center dedicated to protecting children and building healthy families. Located in Sandusky, Michigan, we support and sponsor many different county partners. Each partner takes a different but complementary approach to prevent child abuse by providing an array of programs to build strong families and keep children safe.

Together, our good work is making a difference!

APRIL IS CHILD ABUSE AWARENESS MONTH

One of the ways to show support for Child Abuse Awareness Month is to wear blue! Please join us in bringing public awareness to child abuse!

Team Member Spotlight

Tina (pictured right) is one of our S.A.N.E. nurses. She does a head to toe exam on children and looks for any type of trauma, as well as collect any evidence. She's amazing at what she does and she's a vital part of our team!
